

OUR GOAL

Gurukulam concept is not a new one. Swami Dayananda, Rabindranatha Tagore, Shri Aurobindo, Mahatma Gandhi and many other thinkers have worked on it. They tried to create concrete models out of their concepts. By studying all these concepts we tried to develop an integrated approach for harmonious blending of thoughts and practices handed over to us by ancient sages and modern thinkers of India. The fortune of the country demands that we urgently address ourselves to this vital and noble cause.

It is obvious that when this experiment is successful and the Gurukulam education is standardized, it will offer a working model. And the current education system will be compelled to adopt the new model helping the whole student community. This experiment will bring a silent revolution that helps the country to regain its past glory. Eventually, this experiment will also benefit the world by presenting a meaningful and worthwhile alternate functioning model to rectify the current slowly decaying education system and as a means to reverse the trend of decline of moral values.

Note:

1. Admissions for Hindu girls from any community, who have passed 5th standard
2. Admissions for only 25 girls accepted every year
3. Span of education at the Gurukul is 12 years
4. The students get to study amidst pristine and peaceful natural surroundings in Moorukaje of Vittal Padnoor village that is 5 km from Vittal, Bantwal Taluk of Dakshina Kannada district

MAITREYEE GURUKULA

The Bharatiya way of education which has a strong spiritual foundation is known for the holistic development of a person. This kind of education brings about a humility that ensures the qualities in a person to be a model citizen. To build a healthy society, Bharatiya way of life has to be revived. This can be made possible only by bringing back the Gurukula tradition that inculcates true spirituality. We believe that the girls in our society can pass on this tradition more effectively to the future generations. The Objective of Maitreyee Gurukula is to impart this kind of education to the girls and revive the quintessential Hindu woman.

SPECIAL FEATURES OF MAITREYEE GURUKULA:

1. Five-pronged approach for holistic education that consists Veda, Yoga, agriculture, science and fine arts
2. Special focus on learning the Shastras
3. Customized education based on the ability and aptitude of the student
4. Education that is rooted in spirituality
5. Amalgamation of the ancient and the modern
6. Sanskrit as the medium of instruction. Special focus on English and Kannada learning
7. Life-skills to ensure absolute self-reliance
8. Boarding and lodging, education, food and healthcare - completely free for all students
9. Progress of the students is evaluated based on the traditional method of Gurukula system.

HUMBLE APPEAL

In accordance with the Bharatiya tradition, Gurukula education is completely free of cost. All expenses of running the Gurukula has been borne by the society. We humbly request you to join hands in this endeavour with your contributions.

Gurukula was started on the Guru Purnima day of Ashadha Shukla in the year Bhava Samvatsara (22.07.1994)

OBJECTIVES

1. Main objective is to establish Healthy Society.
2. Each student must be spiritually rooted, intellectually creative, emotionally pure, mentally sound, physically strong, socially productive, and innovatively vibrant.
3. Sustaining Veda Shashtra Parampara and develop Rashtranishta among youths.

AT A GLANCE

1. Education, food and basic medicines are provided free of cost as per our Indian tradition.
2. Acharyas and Shishyas are learning and living together and helps students in each and every step through Hrudaya samvada.
3. Senior students teaching younger students.
4. Guru Shishya Parampara.

6. Blend of both Ancient education with modern information – combination of Vedas, Shashtras and modern subjects like physics, mathematics etc.
7. Holistic education – overall development of child.
8. The period of education in Gurukulam is twelve years.
9. The language of teaching is Sanskrit.
10. Learning with spiritual outlook.
11. Enrichment of information doing with enhancement of the assimilation capacity.
12. Language taught English, Hindi and Kannada.
13. The curriculum designed and capsulated by eminent educationists who also guide the day to day activities.

14. Extra facilities to study literature, music and creative art supported with equipped library.
15. Self study, Self thinking, Self disciplined and Self reliance.
16. Education is for gaining knowledge not for only certificate.

SPECIALTIES

DEEKSHARAMBHA (MANTROPADESHA)

At the time of joining to Gurukula each child has to go through one religious function "Deeksharambha" (mantropadesha) in which a student is given mantropadesha by elders and "Prathamapatha" (First lesson) by the eminent scholars in any shastra in front of "Agni"(God of fire)

DEEKSHANTA (SAMAVARTHANA)

While a student's completes her twelve years education in Gurukula there will be "Deekshanta" where she seek blessings from elders to start Adhyapana (teaching) in the society.

EVALUATION METHODS

As it is Gurukula there are no examinations like formal schools. But we have our own method to study the progress of every child continuously.

For the first five years we have adopted a new scientific method of "Jnanavikasanaavalokana" by which each student can evaluate her intellectual abilities(IQ) and there is another method "Nityavalokana" and "Varshikaavalokana" by which each student can evaluate her emotional abilities (EQ).

In higher education we evolved the traditional method of "Shalaka Pareeksha" and "Ghatika Pareeksha" for Shastravalokana. On the basis of these methods we have adopted a new method "Shastraparamya Pareeksha" where a student should study a whole Grantha and ready to tell the answer to the questions raised by eminent scholars of that particular field.
